

# Did you know?

is picked at the peak of ripeness and immediately canned, locking in **FLAVOR AND NUTRITION.**

## **LONG SHELF LIFE** OFFERED BY CANS MEANS THAT **CANNED FOOD**

is wasted much less than other forms, helping to offset the 34 million tons of food wasted in the United States.

Americans receiving government and private food assistance rely on canned foods to stretch their grocery budgets.

**CANNED FOOD** can cost as much as **50% LOWER** than alternatives with virtually no sacrifice in nutritional quality.

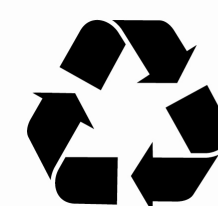

## **STEEL FOOD CANS** ARE **100% RECYCLABLE. FOREVER.**

This means every part of a can can be endlessly recycled over and over again. With a **71% RECYCLING RATE,**

steel cans are the most recycled package in the United States. In fact, steel is the most recycled material in the world.
